

Build a better future with us

Become a World Green Building Council Board Director and help us achieve our mission of green buildings for everyone, everywhere.

The WorldGBC's global network of Green Building Councils (GBCs) is transforming the places we live, work, play, heal and learn. WorldGBC is leading a global movement to ensure that all buildings are net zero emissions by 2050, in order to do our part to achieve the Paris Agreement and limit global warming to below two degrees. To help deliver this ambition, WorldGBC has grown from four staff to 18 in the last two and half years; from \$1.1 million to \$2.1m in revenue growth in the same period, and expects growth to continue and accelerate with each year.

WorldGBC is recruiting Board members to provide leadership to the WorldGBC as well as advise and oversee WorldGBC's organisational strategy and governance, and ensure we are operating effectively as a not for profit organisation and delivering on our mission.

Board Directors must be nominated by their national Green Building Council, and ultimately represent the best interests of the WorldGBC. Each Established Green Building Council is encouraged to put forward between one and four candidates; however, only one candidate per Green Building Council will be eligible to join the Board.

WorldGBC values and seeks diversity: regional, gender, ethnicity, as well as skills and experience.

Who are we looking for?

Specifically, in 2018, WorldGBC is seeking Board members with particular expertise in:

- Strategic planning and impact assessment and monitoring;
- Significant CEO/Director/Chair level experience inside and outside of the GBC community;
- Fundraising with a focus on large grants, corporate sponsorship, and high net worth individuals;
- Accounting and finance experience.

18 staff at WorldGBC
