1 Commit

Commit to only owning assets that are net zero carbon in operation by 2030.

2 Disclose

Measure and publicly disclose energy consumption plus scope 1 & 2 operational carbon emissions data using internationally recognised reporting standards for Rest's direct property portfolio.

3 Act

Achieve a minimum 5 to 5.5 stars NABERS energy rating for all new and existing buildings, seek to transition to fully electrified assets powered by renewable energy, and offset residual emissions through quality carbon offsets.

4 Verify

Verify energy consumption and emissions data for each asset via third party certifications such as NABERS and Green Star Performance.

5 Advocate

Promote the Net Zero Carbon Buildings Commitment and pathways to achieving these goals to stakeholders including tenants, Rest members and the wider property investment industry.
