Savills advises corporate, institutional and private clients seeking to acquire, lease, develop or realise the value of prime residential, commercial and agricultural property. Savills (UK) Limited or Savills UK is a subsidiary of the parent company Savills plc.

---

1. **Commit**
   Commit to only occupying assets that are net zero operational carbon by 2030.

2. **Disclose**
   Disclose energy consumption and carbon emissions data publicly within the Savills UK Sustainability and CR Report (Savills UK’s parent company, Savills plc, makes equivalent disclosures in its Annual Report & Accounts).

3. **Act**
   Implement a decarbonisation roadmap that includes undertaking energy audits, carrying out energy optimisation for areas within direct control, including energy efficiency improvements during office upgrades, and ensure procurement of renewable energy.

4. **Verify**
   Improve energy consumption and emissions data, with verification undertaken by an independent third party.

5. **Advocate**
   Advocate for industry transformation, demonstrate leadership through core business activities and facilitate the wider uptake of net zero carbon buildings through advisory work with clients. Continue to support the real estate industry on sustainability and energy improvements, influencing stakeholders towards carbon neutrality.
