### 1 Commit

Committed to becoming net zero for all buildings owned and occupied with a company wide target of 2020.

### 2 Disclose

Disclose Scope 1, 2, and 3 greenhouse gas emissions via annual reporting based on data collected from real time energy monitoring.

### 3 Act

Implement additional energy efficiency measures and increase renewable energy sources through onsite installations and offsets.

### 4 Verify

Verify through the combined use of green building standards such as LEED and Living Building Challenge, continual energy monitoring and third party verified portfolio emissions data.

### 5 Advocate

Focus on reducing embodied carbon emissions, water consumption, and waste generation while working to educate staff through office engagement, and tenants through 'green' lease agreements.
